Monica Hendrix, City Secretary

Dear Governing Body,

The McLennan Central Appraisal District (MCAD) must provide easy access for taxpayers and certify the appraisal roll timely so that taxing units may prepare budgets and set tax rates. Due to the current layout of the MCAD office and because the deadline for certification is statutorily prescribed MCAD has limited options related to taxpayer flow and the timeline to complete the work. The only recourse is to increase the physical resources dedicated to these efforts. **The facilities at 315 S. 26th Street are not currently sufficient for MCAD to meet the needs of both taxpayer flow and statutory deadlines for certification.**

The current facility MCAD is located in was originally built as a call center for a student loan company. As such, there was minimal space dedicated to waiting areas, counters for assisting customers, and a minimal parking lot with an inadequate traffic flow pattern. The lack of customer service space only allows MCAD to have one window for assisting taxpayers which leads to longer wait times that can be frustrating for taxpayers. During the summer months when hearings are occurring, the current small waiting area with 16 seats is insufficient for the amount of taxpayers waiting for a hearing. The parking lot lacks a flow pattern around the building causing visitors to make u-turns in the rows or drive through the grass at the back causing damage to the sprinkler system. There is also an inadequate amount of parking spots for staff, ARB members, and taxpayers.

For MCAD to certify the appraisal roll, the Appraisal Review Board (ARB) must first resolve 95% of protests filed and approve the records. Since 2009 the number of protests filed has increased from 7,643 to 19,702 in 2023 and the number of hearings held has increased from 1961 to 6005. To address the increased protest demand, MCAD has increased the number of panel rooms over the years from three in 2009 to five in 2023. This was accomplished by reducing cubicle sizes to allow for more cubicles and moving staff from existing offices into the newly created cubicles. There are no more spaces available to hold ARB hearings.

Because the need for ease of access and certification is time-sensitive, **MCAD urgently needs a long-term reliable solution to address the lack of space** so that we can continue to provide quality service to the taxing jurisdictions and the taxpayers of McLennan County. The District explored several options to meet the growing need for additional space including expanding the current building, building on the lot the district owns behind its current facility, or purchasing an existing larger facility. New construction is a more expensive option and the time required for new construction would delay operational use for the 2024 and 2025 protest seasons. **The District determined the best option for MCAD is to expand its current building by adding an addition that would create a new customer entrance with a counter to assist multiple taxpayers simultaneously and an adequate waiting area. Moving**

customer service to the new addition would allow for the construction of two additional panel rooms to allow for more hearings to be scheduled per day to meet the statutory deadlines of certification.

The District will not request any additional funds from the taxing units for this addition and remodel. The District holds sufficient funds in reserves to pay off the existing loan on the building. The District will obtain financing for the addition and remodel that will not increase from what the current loan payment is currently.

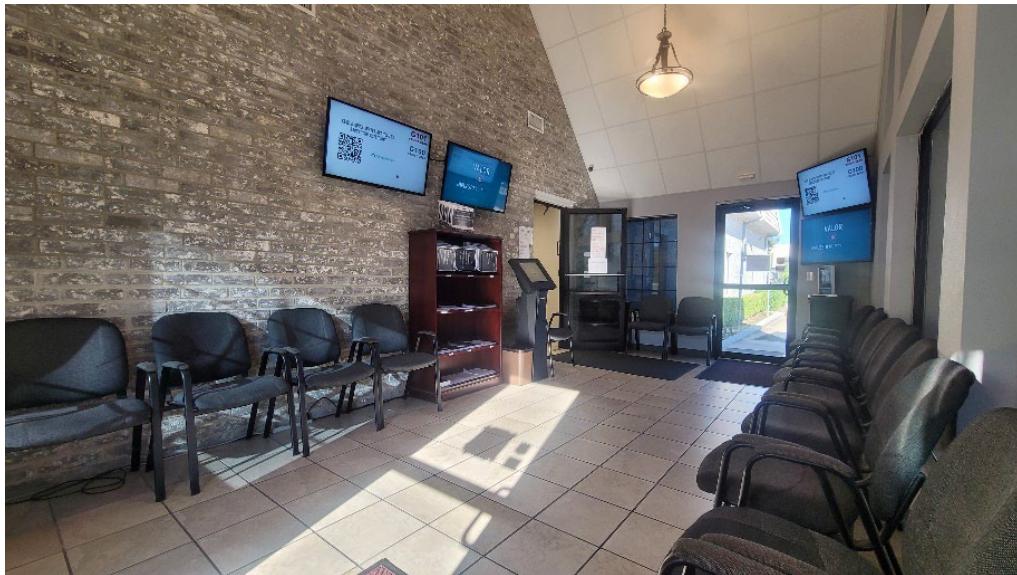

The Texas Property Tax Code Section 6.051 requires the acquisition or conveyance of real property by the appraisal district or the construction or renovation of a building to be approved by the governing bodies of three-fourths of the taxing units entitled to vote on the appointment of board members. Please find enclosed a copy of the resolution from the McLennan Central Appraisal District for the construction and renovation of the current building and a summary of the alternatives considered by the District. **The District needs a resolution from your governing body approving the renovation. A sample resolution and sample agenda item language have been included for your convenience.** A non-response is counted as voting no.

Please feel free to contact me if you have any questions or need additional information. My contact information is 254-755-6567 or by e-mail at jbobbitt@mclennancad.org.

Sincerely,

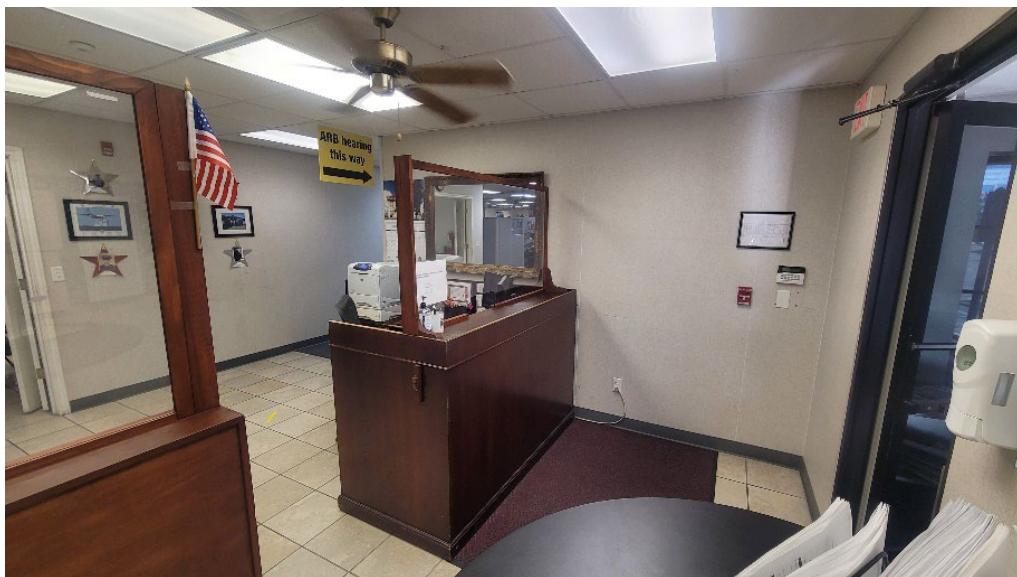

Joe Don Bobbitt
Chief Appraiser
McLennan Central Appraisal District

Current Facilities

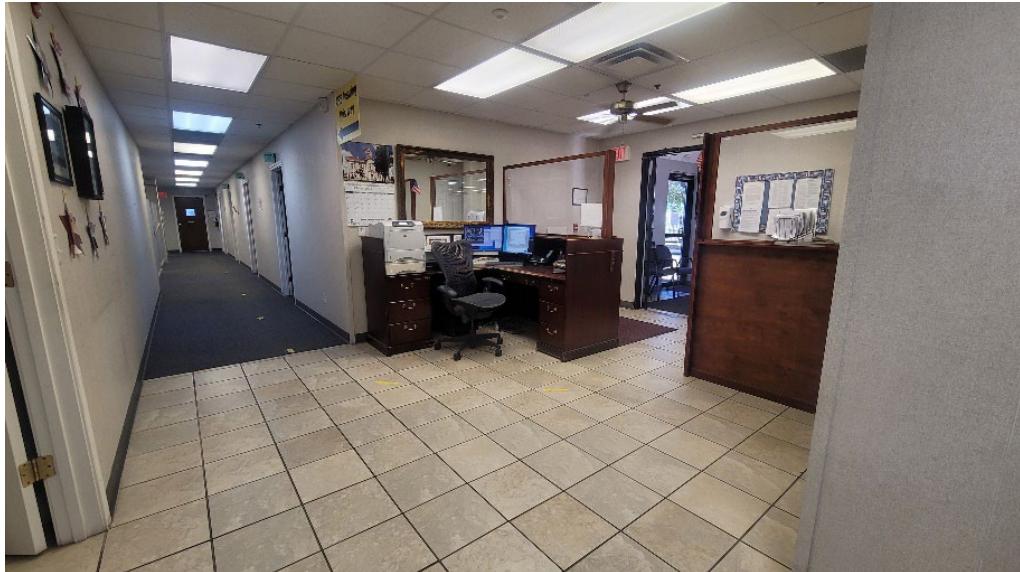

Waiting Area

Small waiting area with limited seating. Single doorways.

Reception

One window availability. Confined space.

Hall

Elongated walkway to Appraisal Review Board waiting area and five hearing rooms on the right.

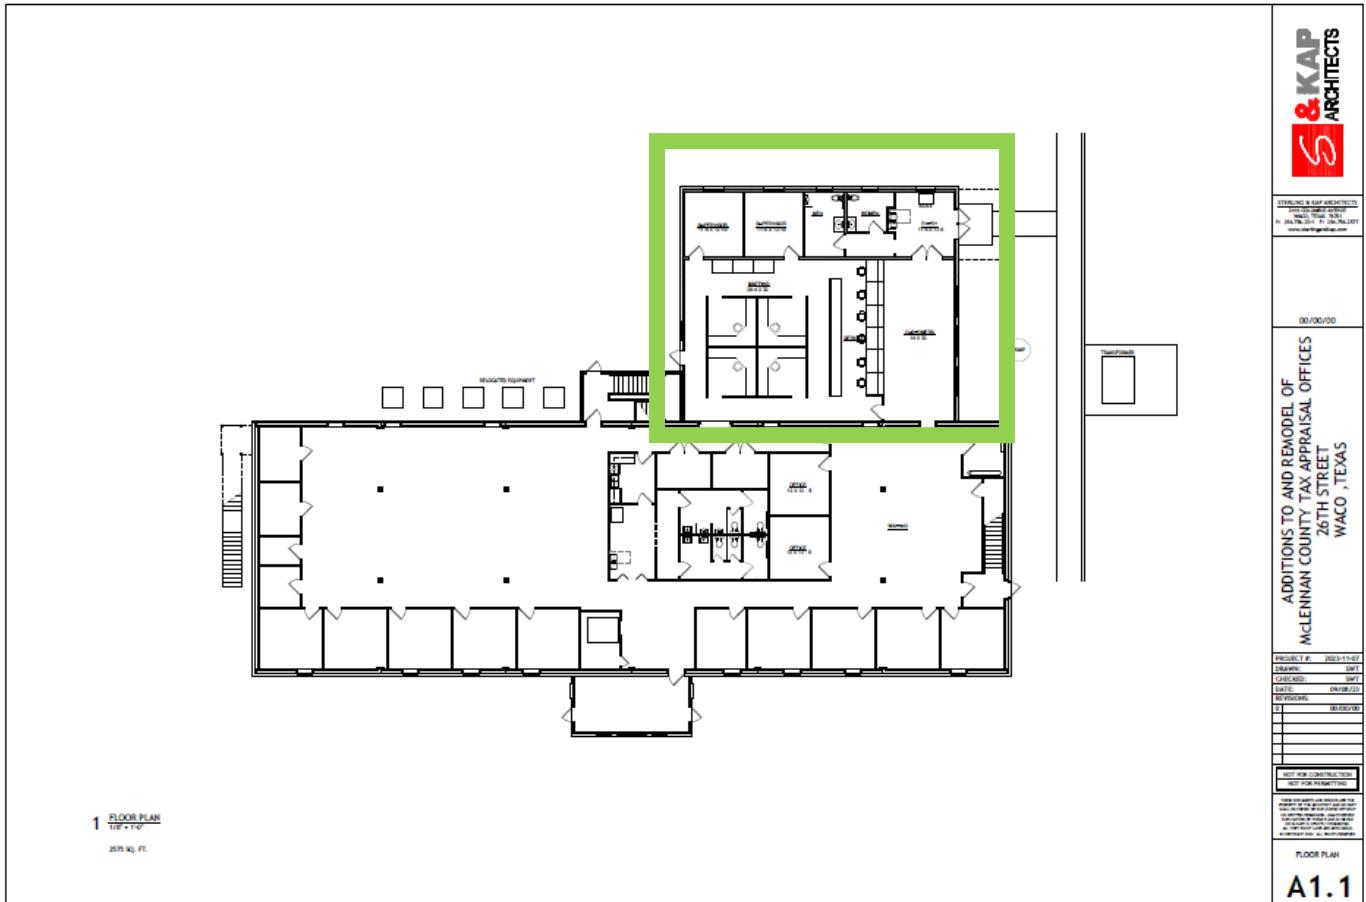

ARB Waiting Area

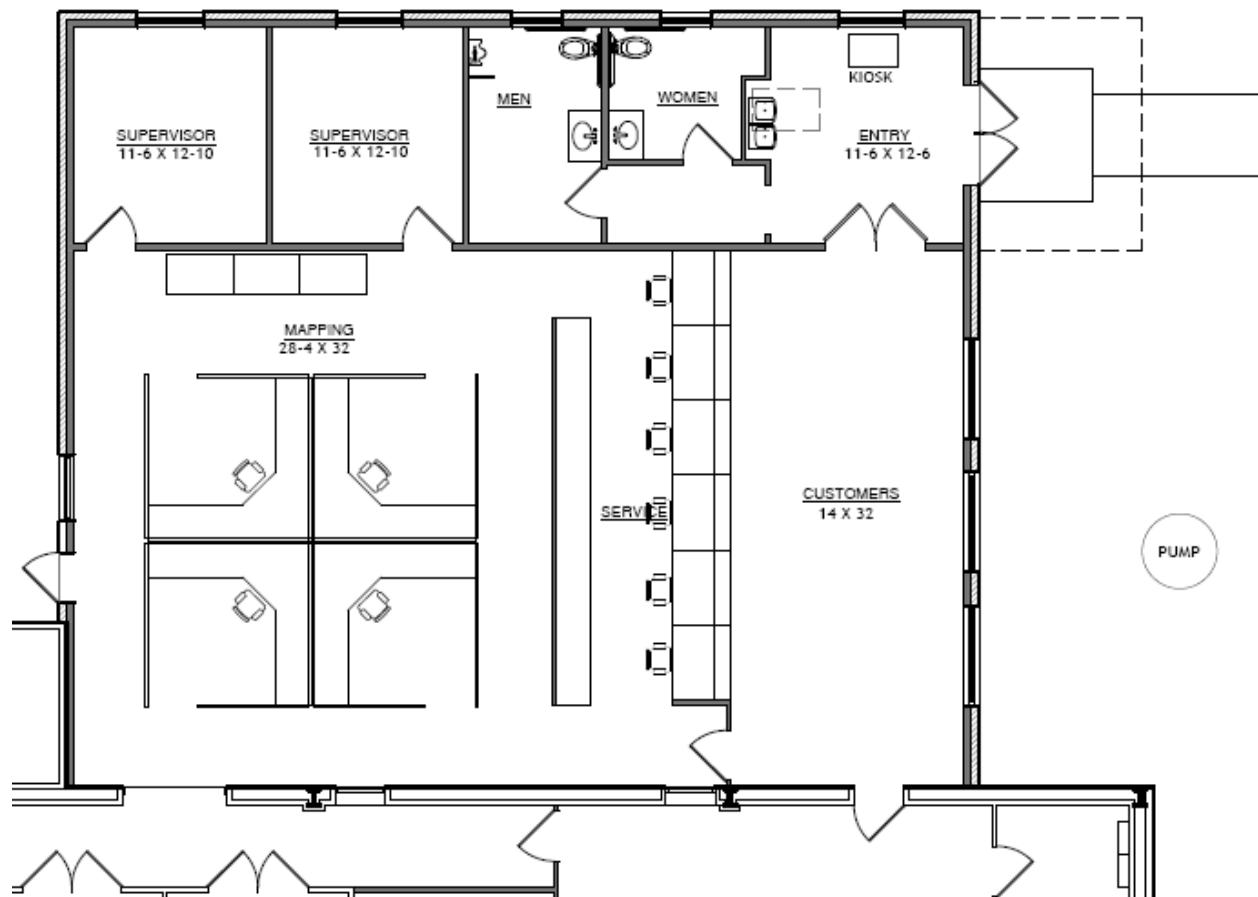

Secondary waiting area for ARB hearings at end of hallway.

Recommendations

1. Addition to the current building to create a proper entry and customer service counter. This space would be occupied by the customer service and records departments. The space currently occupied by the records department would be remodeled to add two ARB hearing rooms and a larger ARB waiting area.

Addition

2. Addition to the parking lot to create an adequate flow of traffic.

Estimated Total Costs:

Approx. 2500 sf building addition @ \$400/sf = \$1,000,000

Approx. 25,000 sf Parking lot addition @ \$10/sf = \$250,000

Remodel of existing building = \$250,000 - \$750,000

Estimated Total cost = \$1,500,000 - \$2,000,000

Alternatives

1. Construct a new MCAD office on the vacant land behind the existing building that MCAD already owns. The new building would be designed with customer flow in mind with a larger waiting area and easy access to the ARB area. This would also provide a customer parking lot completely in front of the building.

Estimated Total Costs:

Approx. 15000 sf building @ \$250/sf = \$3,750,000

Approx. 75,000 sf Parking lot addition @ \$10/sf = \$750,000

Approx cost for FFE = \$200,000

Approx cost to demo existing building = \$150,000

Estimated Total cost = \$4,600,000

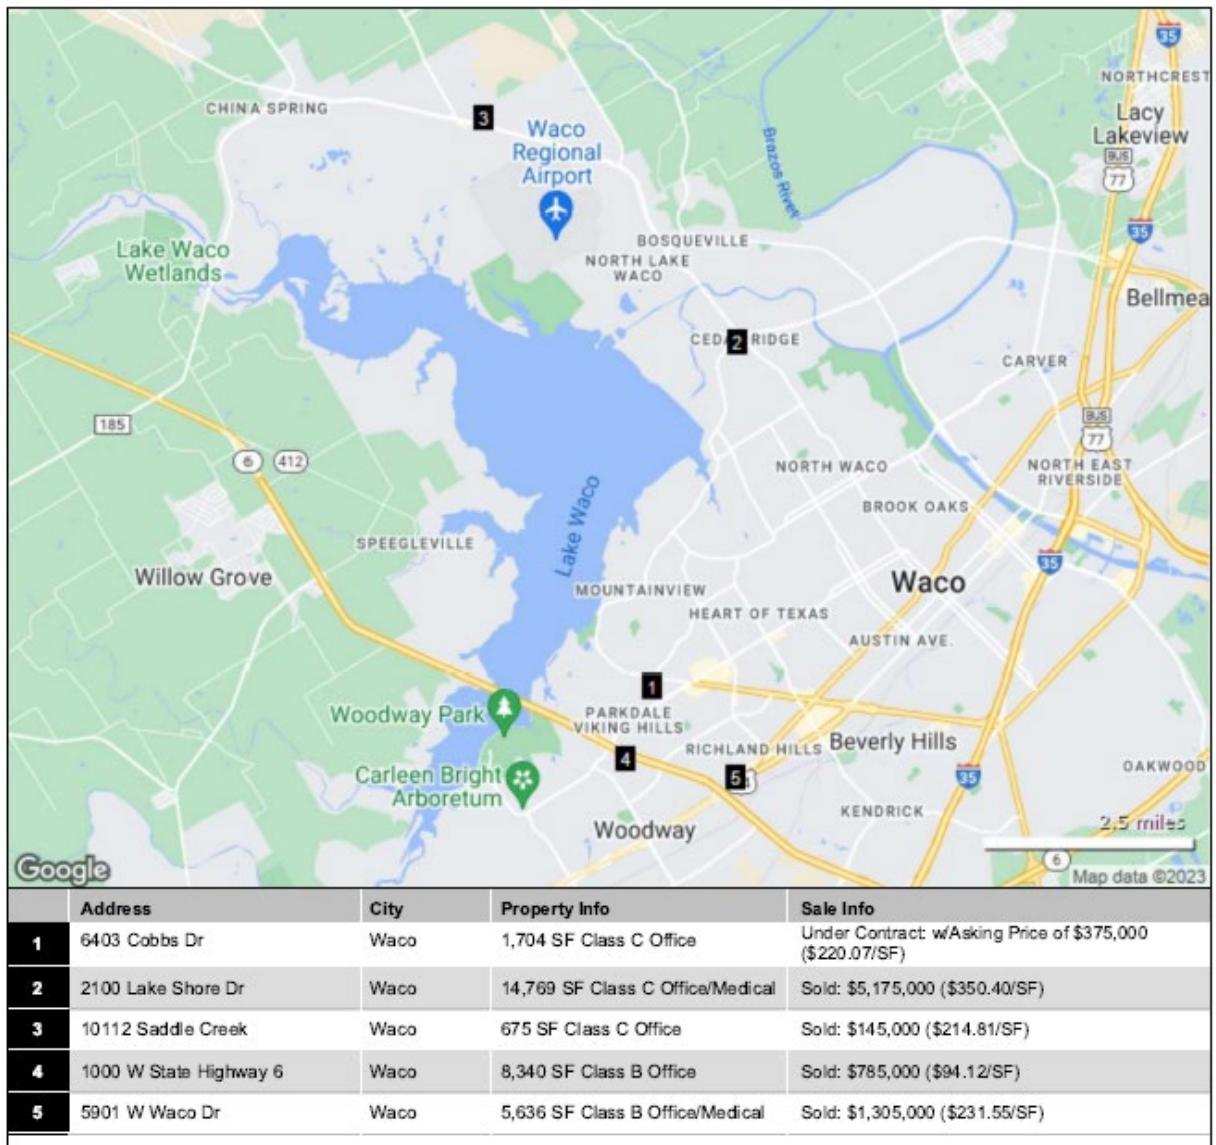

2. Purchase and remodel an existing building and sell the current facility.

WHEREAS, based on the study of its office facilities, the Board of Directors is considering improving its office by renovating and constructing an addition to it that will benefit both the staff of the appraisal district and the public that it serves for a cost not to exceed \$2,000,000; and,

WHEREAS, the Texas Property Tax Code requires the approval of three-fourths of the voting Taxing Units that fund MCAD to approve the renovation and construction of an addition to its office; and,

WHEREAS, the Board of Directors determined that it would be in the public interest to renovate and construct an addition to its office and at this time seeks the authorization from the Voting Taxing Units to renovate and construction an addition to its office and to approve the financing of the renovation and construction for an amount not to \$2,000,000,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE McLENNAN CENTRAL APPRAISAL DISTRICT THAT:

1. The above recitals are true and correct.
2. The Board of Directors of McLennan Central Appraisal District requests the approval and authorization of the Voting Taxing Units to:
 - a. Renovate and construct an addition to its office located at 315 South 26th Street, Waco, Texas for an amount not to exceed \$2,000,000.
 - b. Finance the costs of renovating and constructing an addition to its office for an amount not to exceed \$2,000,000, such financing to be by a note and deed of trust or

by a lease structure, with the final terms of the financing arrangement to be subject to the approval of Board of Directors; provided, however, that the liability in regard to such financing shall in all respects be solely that of McLennan Central Appraisal District and not that of the Voting Taxing Units.

That it is officially found and determined that this meeting was open to the public as required by law, and that notice of the time, place and subject matter of this meeting has been posted in the manner required by law.

PASSED AND APPROVED this 5th day of October, 2023.

SUBJECT: Discussion and recognition of new employee, School Resource Officer, Hanna Perry

BACKGROUND: Today it is with great honor that I am able to introduce our fourth SRO, Hannah Perry. Hannah grew up in the area attending Lorena ISD from 2nd to 7th grade and graduating from Midway High School. Hannah graduated from the McLennan Community College Law Enforcement Academy in 2019 and worked at Robinson PD for 3 years. Hannah left Robinson to become an SRO with WISD PD where she served before coming to Lorena.

Hannah is married to Ryon, who is a deputy with the Bosque County Sheriff's Office, and together they have two children.

After completing the field training program, Hannah will be assigned to the Elementary campus and report to Sgt. Rivas.

RECOMMENDATION:

Subject:

Discussion and possible action on the approval of purchase and funding for a used 2019 Tahoe for a 4th SRO.

Background Information:

The City's 2024 budget included \$83,000 in the General Capital Project Fund for the purchase and equipping of one patrol vehicle. The City, at the request of LISD, added a 3rd SRO raising the Police Department's immediate need of one vehicle to two. Our Police Chief presented to the City Council in July a proposal to utilize the planned expenditure of \$83,000 on two used vehicles to be funded as soon as possible (in FY 2023). That request was approved by the City Council. With the school's mandated need of a 4th SRO, the Police Department is in immediate need of an additional (used) vehicle.

Current Findings:

Of the \$83,000 (FY 24) planned expenditure on police vehicles, the Police Department has used \$55,948.62 (2017 Tahoe, \$28,742.23 and 2019 Charger, \$23,379.59. Final cost of those two vehicles with equipment is estimated at \$73,000 leaving \$10,000 remaining balance of the \$83,000 budgeted. LISD has committed to a \$100,000 reimbursement of the cost of the 4th SRO. The Police Department estimates potentially \$10,000 remaining from the \$100,000 commitment after salary, benefits, and personal equipment. The Police Department anticipates utilizing forfeiture funds to complete funding of the vehicle for the 4th SRO. Due to the urgent need of hiring and equipping the 4th SRO, a used 2019 Tahoe was purchased for \$30,000 to fulfill the City's commitment to support the LISD with SRO services. Total estimate for the 4th SRO vehicle is \$37,000

Recommendation:

Staff recommends approval of the purchase of the used 2019 Tahoe for the 4th SRO to be funded with the estimated remaining funds from budgeted vehicle purchases (\$10,000), estimated remaining funds from the LISD commitment (\$10,000), and estimated forfeiture funds (\$17,000).

SUBJECT: Discussion and possible action on transfer of 90% of the end of year General Fund, Utility Fund, and Sanitation Fund Budgetary Net Revenue over Expenditures.

BACKGROUND: The City has for the past several years transferred 90% of the end of year budgetary net revenue over expenditures in the General Fund, the Utility Fund and the Sanitation Fund to respective Capital Project Funds to save for costly capital projects.

CURRENT FINDINGS: Preliminary budgetary net income figures as provided in the September 30, 2023 Budget Report show Net Revenues over Expenditures in the General Fund, Utility Fund, and the Sanitation Fund.

General Fund Net Revenue/Expenditures	\$93,299.26
Proposed Transfer to GF Capital Project Fund	\$83,969.00
Utility Fund Net Revenue/Expenditures	\$379,568.34
Proposed Transfer to UF Capital Project Fund	\$341,612.00
Sanitation Fund Net Revenue/Expenditures	\$85,020.44
Proposed Transfer to UF Capital Project Fund	\$76,518.00

RECOMMENDATION: City Staff recommends that the council approve the transfer of 90% of the end of year budgetary net income in the General Fund to the General Fund Capital Project Fund and the transfer of 90% of the end of year budgetary net income in the Utility Fund and the Sanitation Fund to the Utility Fund Capital Project Fund.

Subject: Discussion and possible action on approving purchase order # KCS248COV for an amount of \$52,032.00 for a 2024 Chevy 3500.

Background Information:

The city currently has a 2011 F-250 that is used for pulling heavier equipment and trailers. It is time for replacement due to age and the amount of maintenance needed for this truck to be back to proper condition. This 2024 Chevrolet 3500 would be the replacement for the 2011 F-250.

Current Information:

City staff budgeted an amount of \$52,000.00 in the fiscal year 2023/2024 to purchase a new truck for the public works department and City council approved the PY: 2023/2024 budget on August 28, 2023. A quote has been received by the City from Caldwell County Chevrolet for a 2024 through BuyBoard for \$52,032.00. We are bringing this before council due to the current budget policy and recommendations from the budget auditors that any single item purchased for an amount over \$50,000.00 be brought before council as an action item even though council has already approved the purchase in the budget.

Recommendation:

The city staff recommends that the City Council approve purchase order # KCS248COV for an amount of \$52,032.00 to Caldwell County Chevrolet.

Subject:

Discussion and possible action on transferring the balance of the Sanitation Equipment Reserve (\$161,722.57) to the Utility Capital Project Fund.

Background Information:

In 2014, the City of Lorena began operating their own sanitation service rather than contracting the service. To reserve funds to replace the only sanitation truck, each year the Council reserved 90% of net income at the end of the year in a sanitation equipment reserve. This reserve was in line with the General Fund and Utility Fund transfers to Capital Project Funds annually at year end.

Current Findings:

In the current year, the City returned to contractual sanitation services. The sanitation equipment reserve has a current balance of \$161,722.57. Staff is proposing moving the reserve for a sanitation truck to Utility Capital Project Funds and continuing to reserve 90% of potential net income in the Sanitation Fund in the Utility Capital Project Fund.

Recommendation:

Staff recommends transferring the balance of the Sanitation Equipment Reserve to the Utility Capital Project Fund.
